

ASSEMBLY BILL

No. 2769

Introduced by Assembly Member Levine

February 22, 2008

An act relating to energy.

LEGISLATIVE COUNSEL'S DIGEST

AB 2769, as introduced, Levine. Energy efficiency: air-conditioners.

Existing law requires the State Energy Resources Conservation and Development Commission to investigate options and develop a plan to improve the energy efficiency of, and to decrease the peak electricity demand of, air-conditioners in the state. Existing law requires the commission, on or before January 1, 2008, to prepare and submit to the Legislature a report on that plan.

This bill would state the intent of the Legislature to enact legislation to implement recommendations in the report.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature to enact
- 2 legislation to improve the energy efficiency of, and to decrease
- 3 the peak electricity demand of, air-conditioners in the state by
- 4 implementing the legislative recommendation contained in the
- 5 report prepared by the State Energy Resources Conservation and

- 1 Development Commission pursuant to Chapter 734 of the Statutes
- 2 of 2006.
